Urgent Care Required

M33 Sale - Rahkae has a speech impairment, this can make him feel unheard at times, this can be a trigger for him. Rahkae requires support with all aspects of personal care and is in pads. Rahkae can be physical when things do not go his way, he can pinch, bite and scratch. It is important that the PA has experience in working with children with complex needs and also can manage these behaviours. Rahkae enjoys physical activity such as football so someone who is quite physically active would be a good fit. A driver is preferable as miles are agreed, and this would broaden Rahkae's opportunities.

The family are looking for a PA for 4 hours per week flexible.

Rate of pay is £12.21 per hour

He struggles with transitions, feeling rushed and loud and busy places.

Flixton - Charlie is 6, non-verbal and has autism. He is a very energetic and happy little boy. He enjoys being outside, walks, playgrounds and soft play. Charlie absolutely loves riding public transport - busses, mets and trains. He climbs a lot and is a very physical boy so his PA will need to match his speed! Charlie has a great understanding when spoken to, he is very sociable and food driven so is happy to sit in busy cafes for short bursts. He communicates his needs by hand leading and eye contact, he also can communicate 'no' with displeased grunts!

The family are looking for a PA for 4 hours on either Saturday or Sundays - completely flexible on which day and the hours of the day.
